

Since the NJ Do Not Call list went into effect, I re-gained the Freedom of being unharrassed in my own home. Each day I would receive almost a dozen unwanted phone calls. The phone I use is to communicate between family, friends and co-workers; not others that I do not give permissions to call me. I have been interrupted during family emergencies and even job interviews by un-wanted phone calls. There is nothing more annoying than being interrupted in my own home by a unsolicited caller. Each person should have a means of stopping these phone calls. I believe the NJ Do Not Call List is a Great Program and provide us this Right. I can be home and be in peace!
